

ROTOPLAT DW 107 FRD

Stretch wrapping turntable dedicated to doors, windows and other finished and semi-finished products in this manufacturing industry

TECHNICAL SPECIFICATIONS

ROTOPLAT DW 107 FRD Doors and Windows stretch wrapping machine	
Carriages	FRD: Film stretch with mechanical brake
Machine Characteristics	
Plate diameter	Rotoplat 108
Turntable rotation speed	STD
Forkliftingt	STD
Power supply voltage	1,5÷5,5
Installed power	STD
Phase stopping	(+/-20 mm)
Soft start	STD

Characteristics of the product to be wrapped	
Maximum dimensions (LxW):	1800 x 380 mm
Maximum useful height:	2800 mm
Minimum useful height:	2000 mm
Maximum load weight:	100 kg

Film spool characteristics	
Max. external diameter (D):	300 mm
Film spool height (h):	500 mm
Film thickness:	17-35 µm
Internal diameter (d):	76 mm
Max. weight:	20 kg
